

Karen Massyn - National Children's Ministry
DOXA DEO CNR OF Attebury and Olympus Road, Pretoria

WHY THIS PROJECT?

Our world has changed overnight and the level of poverty risen to an all-new high. If we want to see communities in uproar and crime rising to new levels. It's easy, we just need to do nothing!

“THE ONLY THING NECESSARY FOR THE TRIUMPH OF EVIL IS FOR GOOD MEN TO DO NOTHING.” – EDMUND BURKE

If we on the other hand want to see communities thrive, we cannot only invest in their current felt needs, we need to invest in the future of that community. We need to invest in their children.

According to the Barna Institute, only 6% of people come to know Christ after the age of 18. That means that 94% of salvations happen as children or teens. The reality however is that most churches rather invest the little income they do generate in the percentage of people who can contribute financially. In other words, the resources directed to reach the 94% is very little.

So how do we address this need? We provide high-quality, relevant and Word-based resources that can be used in the ministry to their children. Resources that will train their teachers. Resources that will influence the worldview and value of the teacher, children and families.

We need to provide these resources for free.

We need people who will rise to the challenge to contribute to the development of these resources.

We need you!

WHY US?

At Doxa Deo, we have been developing curriculums and resources that have an impact for the past twelve years.

We hear the stories of life-change.

We see the impact in families and even schools that have used our resources.

We see the impact in churches that use our resources.

We have a passionate Team that are called to do exactly this.

THE CHALLENGE

Developing resources at a high quality to stay relevant in an ever-changing society and adjust to the needs as they arise, needs a full-time team that can be vigilant and flexible.

To get the right people, with the right qualifications, asks for a considerable investment.

An investment that will have a 94% return in changed lives.

THE OPPORTUNITY

We are providing you as an investor the opportunity to invest in the future of our country, of your country!

Investment opportunities:

1. Sponsor a team member appointment.
2. Sponsor resources listed.
3. Sponsor the whole project.

Your contribution to this project will:

- Empower churches to:
 - Minister effectively to children;
 - Train the teachers;
 - Empower parents with take-home investments;
 - Touch the lives of children to impact the 94f%

BUDGET REQUIREMENTS

Please see the addendum.

THANK YOU

Thank you for considering this project as your investment opportunity of a lifetime!
